| **Route Start** | Bräueralm |
| **Route End** | Bräueralm |

## Description

**A circular route around the Durlaßboden reservoir with little elevation difference.**

The circular route starts at the Bräueralm. From there, the route leads to the cozy Seestüberl. Then you cycle over the dam wall to the rustic Bärschlagalm. Here you have completed about half the way. Afterwards, you cycle the last section around the lake back to the starting point.
