Description

This tour runs above the forest line and offers a fantastic view of the highest peaks in our region.

We start at the mountain station of the Isskogelbahn at 1,900m. Past the Latschenalm and at the crossroads keep right to the foot of the Isskogel. Continue along a goods path (underground gravel) to the Stuamandlspeichersee, from here you go down to the wild Krimmlalm - the end of the mountain bike route. Return to the mountain station of the Isskogelbahn connection route (No. 440/443) or via the Innerertensalmen and the Brennachweg No. 440 to Gerlos.
